

TOWN OF BROOKFIELD

WPCA

BROOKFIELD, CT 06804

October 30, 2024

Dear Neighbor,

The Brookfield WPCA is currently working on the design for a sanitary sewer service extension to the Dean Road and Pocono Road area.

Please join the WPCA and our consulting engineers for an information session on **Thursday, November 21, 2024, at 7:00 pm** in Room 133 of **Brookfield Town Hall, 100 Pocono Road**. At this session we will present current activities and the primary alternatives for sanitary sewer service to the Dean Road and Pocono Road area and engage in discussion to obtain feedback.

Future sessions are anticipated during the next year as we work through the design and financing process, so look for future mailings and updates at www.brookfieldwpca.org. If you have specific questions, please submit them prior to the meeting so we can be prepared with answers that evening. Send them to office@brookfieldwpca.org and write “Dean-Pocono Question” in the subject line.

We look forward to seeing you.
